I. MARKET & MACRO-ECONOMICS REVIEW

◆ THE WORLD

2024 continued to be another **difficult year** for the global economy:

- **Persistent inflation & Tight monetary policies**
- **Prolonged** geopolitical tension
- **Subdued** investment and productivity growth
- **Global technology decoupling**

➡ **Global growth 2024 is steady at 2.7%**

Global economic growth (GDP) (%)

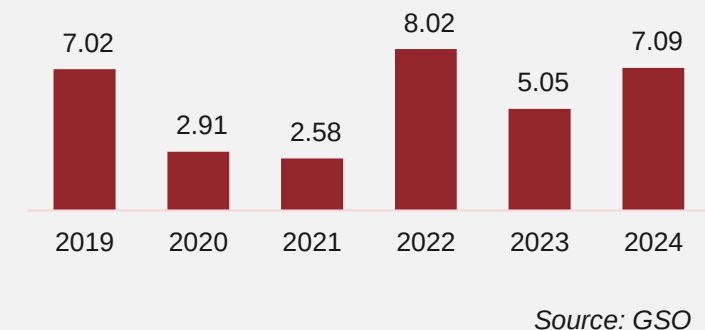

◆ VIETNAM

Vietnam's economy demonstrated a remarkable resilience in 2024, supported by:

- **Export turnover increased** by 14.3%, bolstering economic expansion
- **FDI** reached a record USD 23.35 bn, reflecting investor confidence in Vietnam's prospect
- **Expansion** across public investment, industrial & construction and service sector

➡ **A resilient growth amid global uncertainties**

I. MARKET & MACRO-ECONOMICS REVIEW

VIETNAM REAL ESTATE MARKET (HIGH RISE)

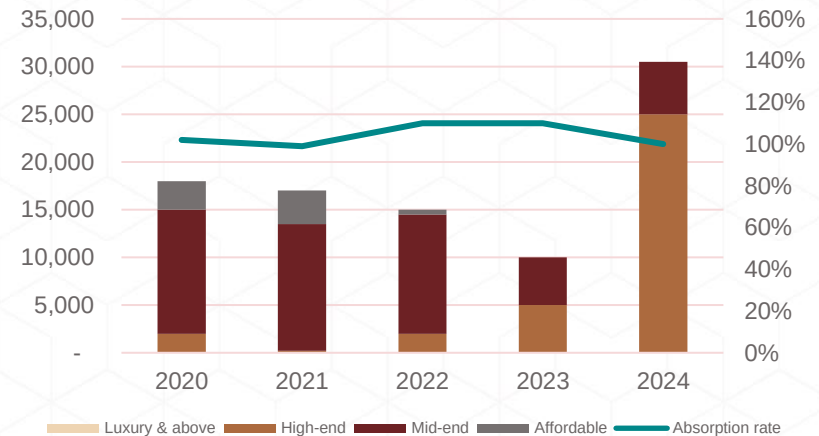

◆ Supply

- **Significant disparity** in condominium supply between Hanoi and HCMC, concentrated in the high-end segment
- **Affordable housing supply dried up**

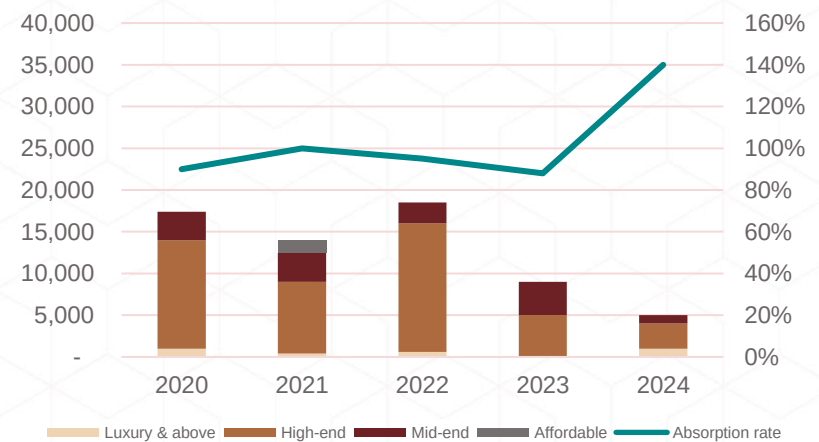

◆ Demand

- Absorption rates **remain healthy** in both HCMC and Hanoi
- Amidst higher price in HCMC, customers tend to seek other opportunities at surrounding provinces

- **High-end:** VND 60-120 million psm
- **Mid-end:** VND 35-60 million psm
- **Affordable:** <35 million psm

I. MARKET & MACRO-ECONOMICS REVIEW

VIETNAM REAL ESTATE MARKET (LOW RISE)

◆ Supply

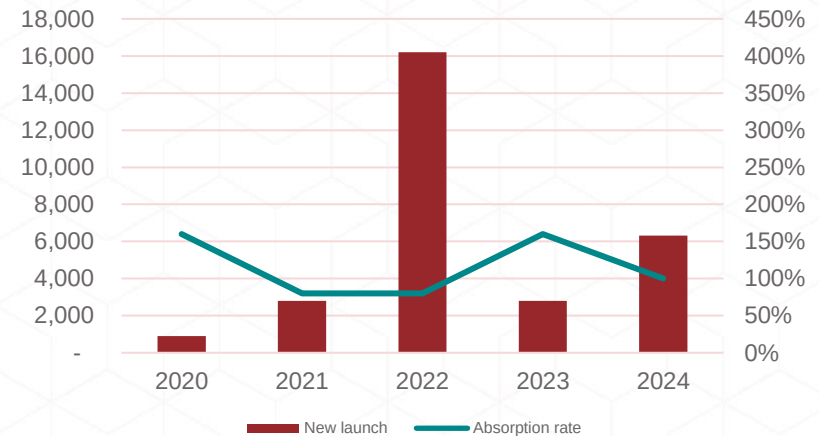

- **Significant disparity** in landed property supply between Hanoi and HCMC.
- Improved new supply in 2024 as compared to 2023 in both cities.
- However, the total **supply remains scarce, especially in HCMC**, as the number of new launches is still limited.

◆ Demand

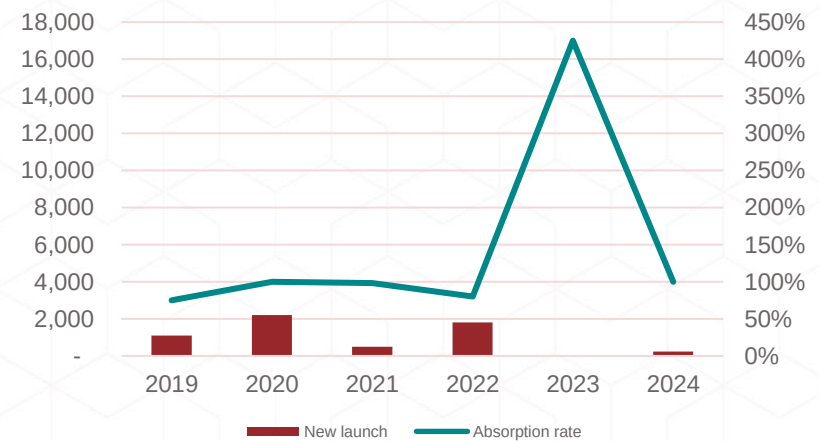

- **Healthy absorption rate** in both HCMC and Hanoi, amid improved new supply.

➔ **Demand is high and supply remains limited**

2024 CONSOLIDATED FINANCIAL PERFORMANCE (AUDITED)

Unit: VND in bn

Revenue

- The consolidated revenue for 2024 amounted to VND 7,196 billion, increase 8% compared to the plan, mainly contributed by the handover of the Akari project Akari, Can Tho 43ha, Ehome Southgate,...
- In particular, the Flora apartment segment remained the Group's key product, accounting for the largest share at 85%. The remaining revenue mainly came from construction services, project management, and equity transfer.

Net profit after tax attributable to shareholders of the parent

- Net profit after tax attributable to non-controlling interests was recorded at VND 518 billion, increase 2% primarily driven by profits from the ahead-of-schedule handover of Akari and Mizuki projects.

The background of the slide features a repeating pattern of 3D isometric cubes. These cubes are rendered in a light gray color with thin black outlines, creating a sense of depth and geometric structure. They are arranged in a staggered, overlapping fashion across the entire surface.
