2. BASIS OF PREPARATION (continued)

2.3 *Applied accounting documentation system*

The Company's applied accounting documentation system is the General Journal system.

2.4 *Fiscal year*

The Company's fiscal year applicable for the preparation of its separate financial statements starts on 1 January and ends on 31 December.

2.5 *Accounting currency*

The separate financial statements are prepared in VND which is also the Company's accounting currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, cash in banks and short-term, highly liquid investments with an original maturity of less than three (3) months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 *Inventories*

Inventories comprise development projects undertaken by the Company which are in the work in progress stage and including mainly apartments, town houses and villas for sale under construction and land held for sale.

Apartments, town houses and villas for sale under construction are carried at the lower of cost and net realizable value. Costs include all expenditures including borrowing costs, directly attributable to the development and construction of the apartments, town houses and villas. Net realizable value represents current selling price less estimated cost to complete apartments, town houses and villas, and estimated selling and marketing expenses.

Land held for constructing apartments, town houses and villas which is presented as part of "Inventories" is carried at the lower of cost and net realizable value. Costs include all expenditures including borrowing costs directly related to the acquisition, site clearance, land compensation and infrastructure construction. Net realizable value represents estimated current selling price less anticipated cost of disposal.

Provision for obsolete inventories

An inventory provision is created for the estimated loss arising due to the impairment of inventories owned by the Company, based on appropriate evidence of impairment available at the balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the separate income statement.

3.3 *Receivables*

Receivables are presented in the separate financial statements at the carrying amounts due from customers and other debtors, along with the provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the separate income statement.

INTERIM NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
As at 30 September 2025 and for the nine-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.4 *Fixed assets*

Tangible and intangible fixed assets are stated at cost less accumulated depreciation and amortisation.

The cost of a fixed asset comprises its purchase price and any directly attributable costs of bringing the fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the separate income statement as incurred.

When fixed assets are sold or retired, any gain or loss resulting from their disposal is (the difference between the net disposal proceeds and the carrying amount) included in the separate income statement.

Land use rights ("LURs")

LURs are recorded as intangible fixed assets if the land is held for use in the production or business, for rental to others by the enterprise and when the Company receives the LUR certificate. The cost of LUR comprises any directly attributable costs of preparing the land for its intended use. LUR with indefinite useful life is not amortised.

The advance payment for land rental, of which the land lease contracts have effectiveness prior to 2003 and the land use rights certificate being issued are recorded as intangible asset according to Circular No. 45/2013/TT-BTC issued by the Ministry of Finance on 25 April 2013 guiding the management, use and depreciation of fixed assets ("Circular 45"). The land use right is amortized over the useful life, except for land use right having indefinite useful life is not amortised.

3.5 *Leased assets*

Where the Company is the lessee

Rentals under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included as the Company's investment properties in the separate balance sheet. Initial direct costs incurred in negotiating an operating lease are recognised in the separate income statement as incurred.

Lease income is recognised in the separate income statement on a straight-line basis over the lease term.

3.6 *Depreciation and amortisation*

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Machinery and equipment	5 - 12 years
Buildings and structures	25 years
Means of transportation	6 - 8 years
Office equipment	4 - 8 years
Computer software	5 years

As at 30 September 2025 and for the nine-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.7 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation and amortisation.

Subsequent expenditure relating to an investment property that has already been recognized is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

Depreciation and amortisation of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	6 - 25 years
--------------------------	--------------

LUR with indefinite useful life is not amortised.

Investment properties are derecognised in the separate balance sheet when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the separate income statement in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.8 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and are recorded as expense during the year in which they are incurred, except to the extent that they are capitalized as explained in the following paragraph.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

3.9 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the separate balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as long-term prepaid expense and are amortised to the separate income statement over 2 to 5 years:

- ▶ Tools and consumables with large value issued into construction and can be used for more than one year;
- ▶ Show houses;
- ▶ Commission fees;
- ▶ Other long-term prepaid expenses with associated economic benefits generated for more than one (1) year and being amortised over the period of no more than three (3) year.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.10 *Investments*

Investments in subsidiaries

Investments in subsidiaries over which the Company has control are carried at cost.

Distributions from accumulated net profits of the subsidiaries arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment

Investments in joint ventures

Investments in joint ventures over which the Company has joint control with the other venture are carried at cost.

Distributions from accumulated net profits of the joint ventures arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Investments in other entities

Investments in other entities are stated at their acquisition costs

Provision for investments

Provision of the investment is made when there are reliable evidences of the diminution in value of those investments at the balance sheet date. Increases and decreases to the provision balance are recorded as finance expense in the separate income statement.

Held-to-maturity investments

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as expense in the separate financial statements and deducted against the value of such investments

3.11 *Payables and accruals*

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company.

3.12 *Accrual for severance pay*

The severance pay to employee is accrued at the end of each reporting year for all employees who have been being in service for more than 12 months up to 31 December 2008 at the rate of one-half of the average monthly salary for each year of service up to 31 December 2008 in accordance with the Labour Code and related implementing guidance. The average monthly salary used in this calculation will be revised at the end of each reporting year following the average monthly salary of the 6-month period up to the reporting date. Any increase to the accrued amount will be taken to the separate income statement.

This accrued severance pay is used to settle the termination allowance to be paid to employee upon termination of their labour contract following Article 48 of the Labour Code.

3.13 *Treasury shares*

Own equity instruments which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss upon purchase, sale, issue or cancellation of the Group's own equity instruments.

INTERIM NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
As at 30 September 2025 and for the nine-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.14 Provision

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provision for warranty obligation of completed project is estimated of 5% on value of project based on the specification of each project and actual experience.

3.15 Foreign currency transactions

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- Transactions resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection; and
- Transactions resulting in liabilities are recorded at the selling exchange rates of the transaction of commercial banks designated for payment.

At the end of the year, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the separate balance sheet dates which are determined as follows:

- Monetary assets are translated at buying exchange rate of the commercial bank where the Company conducts transactions regularly; and
- Monetary liabilities are translated at selling exchange rate of the commercial bank where the Company conducts transactions regularly.

All exchange differences are taken to the separate income statement.

3.16 Appropriation of net profit

Net profit after tax is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

The Company maintains the following reserve funds which are appropriated from the Company's net profit as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting:

► *Investment and development fund*

This fund is set aside for use in the Company's expansion of its operation or of in-depth investments.

► *Bonus and welfare fund*

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the separate balance sheet.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.17 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Sale of villas, town houses and apartments

For villas, town houses and apartments sold after completion of construction, the revenue and associated costs are recognised when the significant risks and rewards of ownership of the villas, town houses or apartments have passed to the buyers.

Sale of residential plots and related infrastructure

Revenue from the sale of residential plots and related infrastructures are recorded at the total consideration received when residential plots and related infrastructures are transferred to the customers.

Rendering of other services

Revenue is recognised when services have been rendered and completed.

Interest

Interest is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Dividend is recognised when the Company's entitlement as an investor to receive the dividend is established.

Rental income

Rental income arising from operating leases is accounted for on a straight line basis over the terms of the lease.

3.18 Taxation

Current income tax

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the balance sheet date.

Current income tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss.

INTERIM NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
As at 30 September 2025 and for the nine-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.18 Taxation (continued)

Deferred tax (continued)

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on either the same taxable entity.

3.19 Related parties

Parties are considered to be related parties of the Company if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. These related parties can be enterprises or individuals, including their close family members.

Pursuant to clause 4, article 14, chapter III of the Circular No. 96/2020/TT-BTC dated 16 November 2020 of the Ministry of Finance which was effective from 1 January 2021 guiding on the information disclosure for securities market, Nam Long Investment Corporation hereby explains the case profit after tax of Q3.2025 which changes by 10% comparing with the same period last year as below:

No	Items	Q3.2025 (dong)	Q3.2024 (dong)	Variance
1	Revenues	833,041,711,387	57,269,389,837	1,355%
2	Net profit after tax	122,139,570,324	(71,142,617,300)	272%

Net revenue in Quarter 3.2025 was VND 833 billion, increased by VND 775 billion or 1,355% compared to the same period in 2024. The revenue was mainly contributed from revenue of apartments, town house and villas (which was accounted for 95% of total Q3 revenues). Net profit after tax in Quarter 3.2025 was VND 122 billion, increased by VND 193 billion or 272% compared with the same period 2024, mainly due to revenue from the sale of apartments and land lots from Akari project and Can Tho project.
